PROJECTS

Project:1- Netflix Clone
This project is a simplified front end clone of Netflix. It was created with **React** and **CSS** (Grid and Flexbox). I have developed this project by creating simple and reusable components.
Netlify: https://my-netflix-site.netlify.app

GitHub: https://github.com/Prasanth602/netflix-clone

Project:2- Responsive Landing page
Here I created a responsive business landing page for coworking space. This Landing page is developed with **HTML CSS** and **JavaScript**.
Netlify: https://co-working-space-landing-page.netlify.app/
